1. *Transition from pastoral semi-nomadic tribal polity* (Jana) to territorial agrarian states (Janapada/Mahajanapada) Shift from lineage-based *Sabha/Samiti assemblies to hereditary monarchies* and oligarchic republics (Gana-Sanghas like Vajji, Malla) Rigidification of Varna system from occupation-based (Early Vedic) to birth-based hierarchy and emergence of Jatis

2. Radicalisation of nationalist goals: uncompromising demand for complete independence (Purna Swaraj) at Haripura (1938) & Tripuri (1939) and Forward Bloc formation

3. Multidimensional causes: poverty and food insecurity, cereal-heavy diets lacking dietary diversity (hidden hunger/micronutrient deficiency of iron, *vitamin A, zinc)*

4. Constitutional framework under Part XI (Articles 245–255) dividing powers territorially (Art 245) and by subject matter (Art 246 & Seventh Schedule)

Threefold list system: Union List (exclusive **Parliamentary power on national importance), State** List (normal state competence), Concurrent List **(shared jurisdiction) Union supremacy in case of** *repugnancy on Concurrent List subjects (Article 254)* **and residuary powers vested in Parliament (Article** 248)

5. Severe climatic stress: erratic rainfall (<250–500 *mm), high evapotranspiration, recurrent droughts, and* shifting sand dunes

6. To undermine the loyalty of Indian soldiers serving in the British Indian Army and catalyse mass domestic revolt

7. Multidimensional causes: poverty and food insecurity, cereal-heavy diets lacking dietary diversity *(hidden hunger/micronutrient deficiency of iron,* vitamin A, zinc) Social & lifecycle factors: maternal **undernutrition, early marriage/pregnancy, suboptimal infant feeding practices, gender intra-household bias** *WASH & health deficits: unsafe drinking water, poor* **sanitation, diarrhoeal infections reducing nutrient** absorption

8. Shift from rote transmitter ('sage on the stage') to facilitator of experiential, inquiry-driven, and constructivist learning

9. Rapid deforestation and encroachment along floodplains (e.g., Alaknanda, Mandakini, Bhagirathi *basins)*

10. Expressway & road network (Purvanchal, Bundelkhand, Agra-Lucknow, Ganga Expressways): **integrating lagging regions (Bundelkhand/Purvanchal) with NCR/national markets Rail & Dedicated Freight** *Corridors (EDFC & WDFC junction at Dadri):* **accelerating industrial corridors, coal/agro-freight** logistics, and MSME clusters Civil aviation & inland *waterways: 5 international airports and NW-1* (Haldia–Varanasi on Ganga) boosting tourism, handicrafts, and export logistics

11. Widespread use of iron-tipped ploughshares (ayas) in the fertile middle Gangetic alluvial plains generating substantial paddy surplus

12. Additive manufacturing process that constructs three-dimensional physical objects layer-by-layer from *a digital CAD model using polymers, metals, or* ***bio-inks, enabling rapid prototyping, custom*** prosthetics, and aerospace components.

13. Favourable agro-climatic conditions: warm sub-tropical climate (20°C–30°C), fertile Gangetic **loamy/alluvial soil, and abundant canal/tubewell** irrigation Strong institutional & industrial ecosystem: dense network of sugar mills in Western & Terai UP, Cane Development Societies, and state SAP/MSP procurement High availability of agricultural labour *and road/rail connectivity from farms to crushing units*

14. Territorial jurisdiction (Article 245): *Parliament legislates for all or part of India and extraterritorially;* State Legislature legislates for the State

15. Severe climatic stress: erratic rainfall (<250–500 ***mm), high evapotranspiration, recurrent droughts, and*** shifting sand dunes

16. Establishing heavy capital-intensive industries, core energy/transport infrastructure, and strategic defence/atomic sectors post-independence Promoting ***balanced regional development by setting up*** **industrial plants in backward regions and generating** ***formal employment Mobilising public savings, import*** **substitution, and research & development capacity**

17. Household poverty, food insecurity, and lack of dietary diversity (low intake of proteins, iron, and micronutrients)

18. Expressway & road network (Purvanchal, Bundelkhand, Agra-Lucknow, Ganga Expressways): integrating lagging regions (Bundelkhand/Purvanchal) with NCR/national markets

19. Extreme localised cloudbursts and intense monsoonal downpours triggering flash floods in steep Himalayan river valleys Glacial Lake Outburst Floods (GLOFs), seismic slope instability, and unscientific road-cutting/hydropower construction in fragile zones Rapid deforestation and encroachment along floodplains (e.g., Alaknanda, Mandakini, Bhagirathi basins)

20. All-weather last-mile connectivity (PMGSY & state rural roads) linking villages to agricultural mandis, reducing post-harvest transit losses

21. Mobilising public savings, import substitution, and research & development capacity

22. Four historic assemblies convened after Buddha's Mahaparinirvana at Rajagriha (483 BCE), Vaishali (383 BCE), Pataliputra (c. 250 BCE under Ashoka), and Kundalvana, Kashmir (1st c. CE under Kanishka) to *codify Tripitaka texts and resolve monastic schisms.*

Key constitutional, historical, or policy significance of **Buddhist Councils in the Indian / Uttar Pradesh context**

Concise illustration or example within the 25-word limit

23. Major post-Mauryan Deccan dynasty (c. 1st century BCE–2nd century CE, capitals Pratishthana/Amaravati), founded by Simuka; renowned for Gautamiputra Satakarni, matronymics, lead/potin coins, land grants to Brahmanas/Buddhist *monks, and maritime trade.*

24. List III of the Seventh Schedule (Article 246(2)) containing subjects of common Union-State interest (education, forests, criminal law, marriage, weights & measures; 52 entries, 42nd Amendment moved 5 *subjects) where Union law prevails in case of conflict* (Art 254).

25. Mass anti-colonial civil disobedience movement launched on 8 August 1942 at Gowalia Tank, Bombay with Gandhi's call of 'Do or Die', marked by spontaneous youth/peasant uprisings and parallel governments (Ballia, Tamluk, Satara). Key constitutional, historical, or policy significance of August Revolution (Quit India Movement 1942) in the Indian / Uttar Pradesh context Concise illustration or example within the 25-word limit

26. Anti-British revolt launched on 18 February 1946 by Indian naval ratings aboard HMIS Talwar in Bombay over racial discrimination, poor food, and INA trials, rapidly spreading to 78 ships and shore establishments.

27. Catalytic psychological impact: 1945–46 Red Fort INA Trials sparked nationwide mass upsurge and eroded British loyalty within the Indian Armed Forces (RIN Mutiny 1946)

28. List I of the Seventh Schedule (Article 246(1)) comprising subjects of national importance (defence, foreign affairs, banking, atomic energy, railways, census; originally 97, currently 98 numbered/100 entries) on which Parliament has exclusive power to legislate. Key constitutional, historical, or policy significance of Union List (List I, Seventh Schedule) in the Indian / Uttar Pradesh context Concise illustration or example within the 25-word limit

29. List III of the Seventh Schedule (Article 246(2)) containing subjects of common Union-State interest (education, forests, criminal law, marriage, weights & measures; 52 entries, 42nd Amendment moved 5 subjects) where Union law prevails in case of conflict (Art 254).

30. Remedial measures: POSHAN Abhiyaan (Mission Saksham Anganwadi & Poshan 2.0), PM POSHAN (Mid-Day Meal), ICDS, NFSA food fortification (fortified rice), anemia control (Anemia Mukt Bharat), and women's education

31. Commercial enterprises in which majority equity (51% or more) is held by Central, State, or joint governments (*classified as Maharatna, Navratna,* Miniratna) operating in strategic and core economic sectors. Key constitutional, historical, or policy significance of Public Sector Enterprises (PSEs) in the *Indian / Uttar Pradesh context Concise illustration or example within the 25-word limit*

32. Government spending that creates productive physical/financial assets (roads, railways, schools, machinery, equity investments) or reduces financial liabilities (loan repayment), yielding long-term multiplier growth.

33. High availability of agricultural labour and road/rail connectivity from farms to crushing units

34. Value-addition transformation of raw agricultural, horticultural, dairy, or fishery produce into shelf-stable, marketable food products (supported by PMKSY, PMFME), reducing post-harvest wastage and raising farm incomes. Key constitutional, historical, or policy significance of Food Processing in the Indian / Uttar Pradesh context Concise illustration or example within the 25-word limit

35. Persistent land degradation in arid, semi-arid, and dry sub-humid areas resulting from climatic variations and human activities (overgrazing, deforestation, unsustainable irrigation), reducing biological productivity (UNCCD definition).

36. Expands rural non-farm employment, access to credit/input centres, schools, and primary healthcare

37. Subfield of Artificial Intelligence where algorithms learn statistical patterns from data to make predictions or decisions without explicit rule-based programming (via supervised, unsupervised, and reinforcement learning). Key constitutional, historical, or policy significance of Machine Learning in the Indian / Uttar Pradesh context Concise illustration or example within the 25-word limit

38. Additive manufacturing process that constructs three-dimensional physical objects layer-by-layer from a digital CAD model using polymers, metals, or bio-inks, enabling rapid prototyping, custom prosthetics, and aerospace components.

39. Transition from pastoral semi-nomadic tribal polity (Jana) to territorial agrarian states (Janapada/Mahajanapada)

40. Structured student-centred pedagogical strategy where small heterogeneous groups work together *toward shared learning goals through positive interdependence, individual accountability, and peer* interaction. Key constitutional, historical, or policy significance of Cooperative Learning in the Indian / Uttar Pradesh context Concise illustration or example *within the 25-word limit*
